# CLASSIC | ACTIVE | PREMIUM

To help our customers find the clothes that best suits their needs and budget, we have divided our products into three categories:

**Premium, Active, and Classic.**

Each category offers a different combination of materials, fits, and technical features to meet the expectations of riders at different levels.

---

## PREMIUM

The Premium series is designed for race-ready cyclists who seek maximum aerodynamics, muscle support and refined detailing. This is moomoo's most form-fitting and technically advanced collection, where the latest fabrics and stitching technologies ensure a precise fit and high performance.

Premium clothes provide greater muscle support, offer an engineered fit for aggressive riding positions and remain secure during intense movement.

---

## ACTIVE

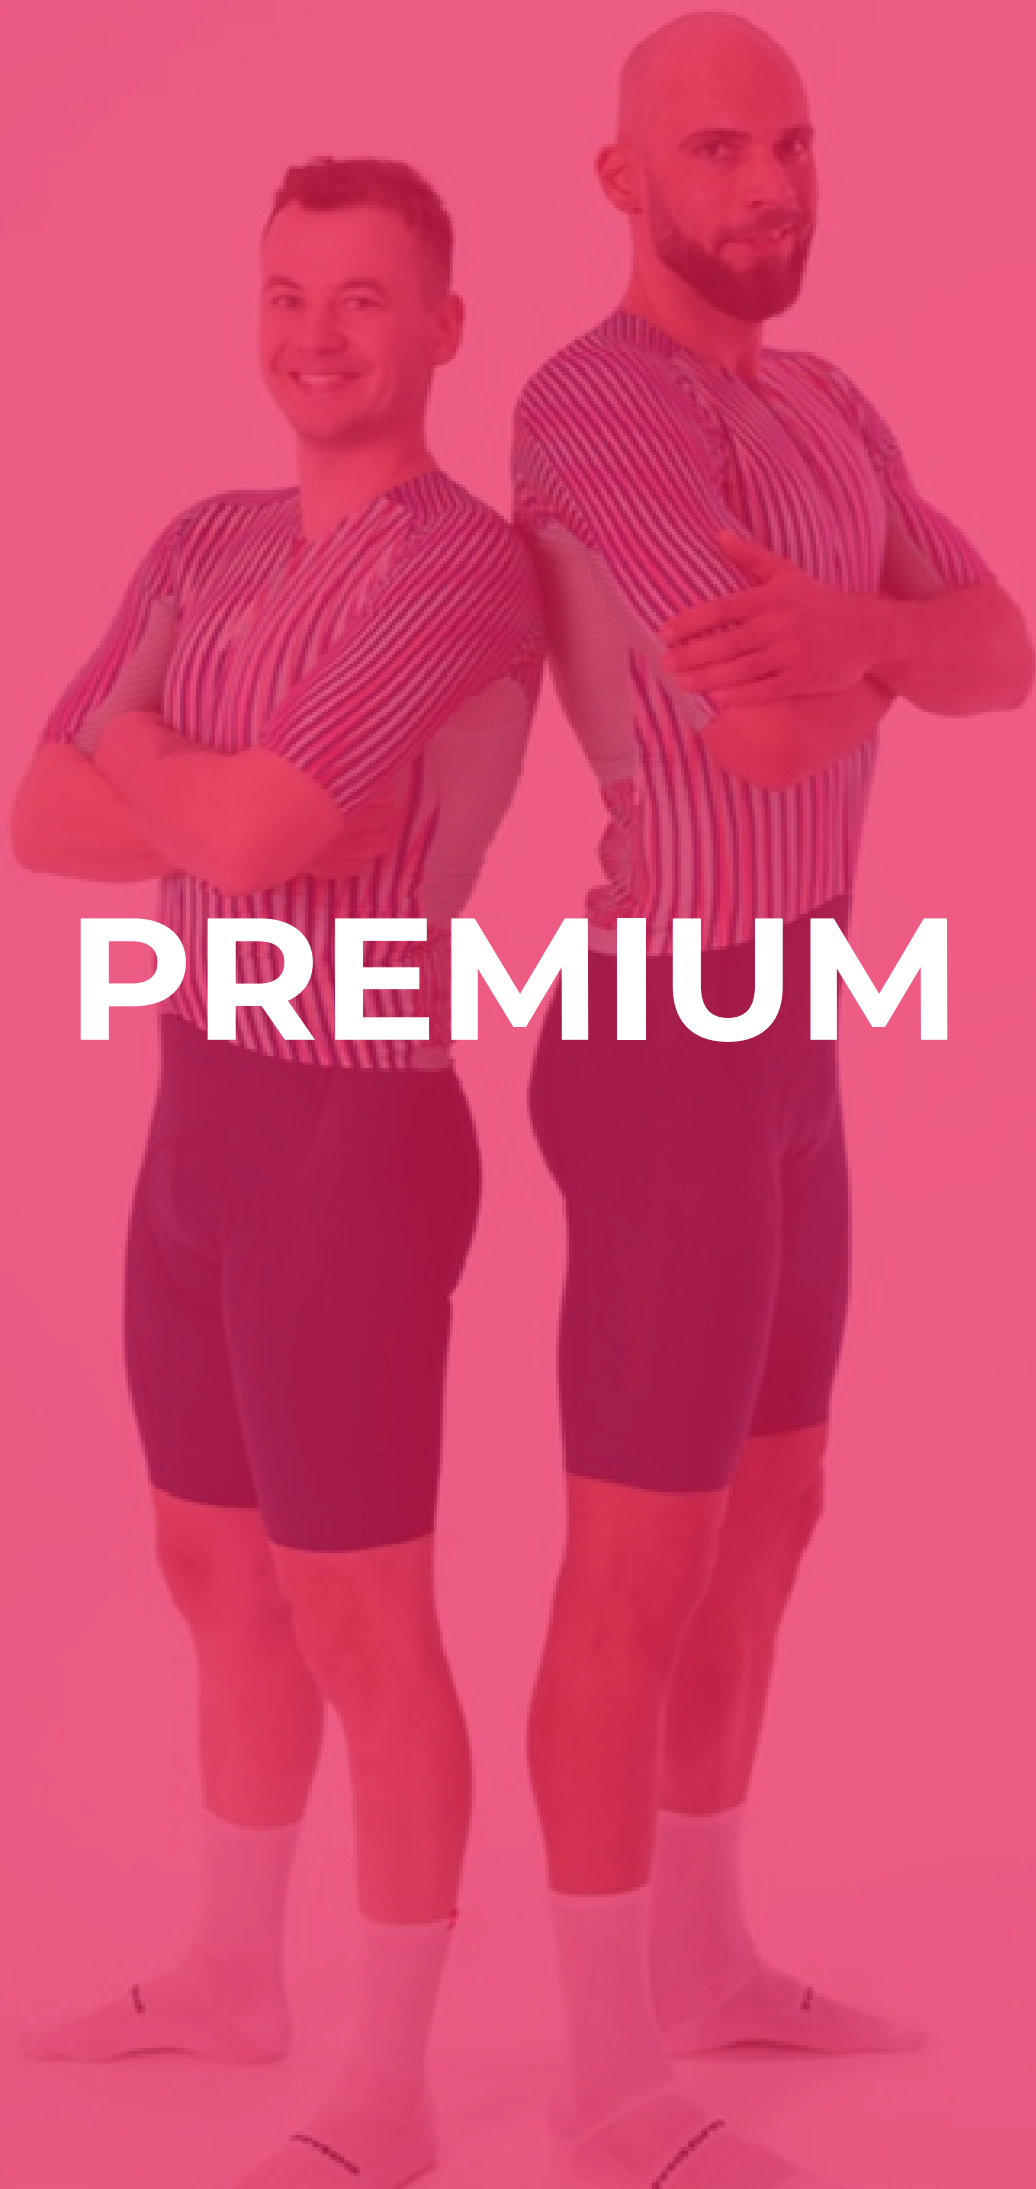

Active series is designed for cyclists who value speed and aerodynamics. This range focuses on super slim-fit cuts, lightweight and breathable fabrics to support high-performance riding. Active clothes fit tight against the body. The technical fabrics ensure optimal airflow and rapid moisture wicking. Longer sleeves, a higher waistband and wide silicone grippers keep the kit securely in place, allowing for unrestricted movement in every riding position.

---

## CLASSIC

Classic series is designed for cyclists who value comfort and versatility in both training and racing. The garments fit close to the body but are slightly more relaxed than Active series, offering a balance between freedom of movement and aerodynamics. Breathable and elastic materials ensure excellent ventilation and durability in various conditions. Classic clothing is a reliable choice for cyclists seeking comfortable and reliable gear for everyday riding.

# CASUAL WEAR

A man with short hair and safety glasses is smiling, standing with his arms crossed. He is wearing a blue and white athletic t-shirt. The t-shirt features a logo at the top that reads 'moomoo', a large logo in the center that reads 'Kat-Metal', and text below that reads 'FERROLINE GROUP'. There is also a small logo on the left sleeve. The background is a blurred outdoor scene, and the entire image has a red color overlay.
